CLIENT TESTIMONIALS

> *I consulted Tim on two accidents that I was involved in. He took on both of my cases. He was upfront, honest, and involved in every aspect. We were able to settle both of my cases out of court. Everything was handled by him and his staff in a professional manner. They worked with me from long distance and made everything easy and smooth. I am eternally grateful for the kindness and generosity they showed me. I recommend Tim without reservation.*

I was searching for an attorney in a sensitive matter, and Caroline came highly recommended by someone from another law firm. Caroline was absolutely amazing. She was always on top of issues and handled everything in my best interest. Each time we went to court in two different counties, everyone knew her—the judges, the attorneys, even the courtroom staff. It was clear how respected she is, which mattered as much to me as her skills. She's a fighter in the courtroom and doesn't get rattled. Her questioning was spot on, her knowledge of the law incredible, and her ability to read the room made a huge impact. The results were beyond what I expected. She kept me calm, promised to do all she could, and delivered. Caroline is five stars in every way—experienced, knowledgeable, respected, and fights for her clients, not her ego. There's no better person to hire.
